Quetta is fundamental city there is very difficult to preach Word of God openly. Therefore, we conducted meetings in the late night in cantonment area. People were hungry and thirsty for the word of God. When we reached the meetings place they gave us warm welcome.

Our regional Pastor Dawood Alyas prepared the program and made announcement in the local area. Pastor did hard work in the area and there is fruit of the ministry that there were 5 elders and 5 evangelists in his church. They are actively serving the Lord in his area. This was the result of their ministry that people including men, women and children participated in these meetings. More than 200 young adults accepted Jesus as their savior.

We praise the Lord that He used us for His ministry. People also pleased to come in the meetings. Some of them gave their testimonies. First they thanked for the blessed message and they said that they have enjoyed the message so they repent from their sins and accepted Jesus as their savior.
